INDIVIDUAL CARDBOARD BOX

# Easy Lock vacuum flask

## PRODUCT DESCRIPTION

Double wall stainless steel vacuum flask that keeps your drink warm for up to 6 hours or cool for up to 4 hours. The lid is lockable and therefore avoids any risk of leaking or spilling. The lid is easy to keep clean for optimal hygiene and can even be washed in the dishwasher. The unique design of the flask allows you to drink conveniently and safely with one hand directly from the flask. The size of the flask is suitable to place in any car drink holder. Capacity: 450 ml.

## THE LOCK

The Easy Lock system is a very smart little detail that avoids some major inconveniences like spillage, stains or burns. You won't have to worry about the lid coming off or accidentally opening up. The easy lock prevents this from happening and ensures the drink will be there for you to consume only. The switch of the lock can be operated singlehandedly by moving it up- or downwards. So, even when you haven't got both hands free, you can still get to your drink easily, and safely. Straight from the bottle!

## THE LID

Once the lid is unlocked, access to your drink is easy and possible with just one hand. Press the large button and the flip-top lid will open up your bottle. A smooth comfortable rim makes drinking from the bottle pleasant. An additional air vent ensures a constant, even flow of your drink. Cleaning of the lid is easy. All parts can be disassembled for proper cleaning.

- ✓ Push-button flip-top lid
- ✓ Food-grade stainless steel
- ✓ BPA-free
- ✓ Easy to clean
- ✓ The capacity of 450 ml
